

**WALTHAM GARDENERS' SOCIETY
FOR WALTHAM AND SURROUNDING VILLAGES**

ANNUAL PLANT SALE

Saturday 11th May, 2019

Our Annual Plant Sale is always a popular event with marvellous support from many members both with plants for sale and assisting with setup and acting as expert salespersons.

We were well supported by Maytree Nursery and the Lockwoods with plants for sale.

As always there was an eager throng outside the door at 10.00 a.m. waiting to secure the best bargains and by 11.00 a.m. there was hardly a plant left and as a bonus the morning was bright and dry.

Thank you to all of you who contributed, the efforts raised welcome funds to support the Society's programme throughout the year.

The hope is now that the sun continues to shine with of course a little rain to ensure a bumper harvest and an abundant show of blooms.

The next event in the Waltham Gardeners' Society diary is the **Annual Garden Competition**. **Judging will take place on Saturday 29th June.**

Again this year there are two competitions, one of which is a new one "**The Creative Containers**" competition for members competing for "The Society Challenge Cup" and for the sixth year for members and non members "**The Prettiest Garden Competition**" in this case competing for the "Helen Appleby Memorial Trophy", this competition produced a wonderful array of entries last year and we hope for an even greater participation this year.

Details of the two competitions are printed separately, you are urged to have a go and compete for one of these trophies.

We look forward to seeing your entry form.

See details of the whole year's events on the Society's website at
