

# WALTHAM GARDENERS' SOCIETY

Tuesday, 10<sup>th</sup> September 2019

Waltham Village Hall at 7:30pm

SUE MARSHALL

## **Bearded Irises – their cultivation and care**

Sue Marshall's enthusiasm for irises in all their many forms: shorts and tall, as Sue refers to her plants, and early, mid and late is infectious. 'I never get bored, there isn't an area that you can't put an iris in.' She even had an Iris Lazica that kept flowering throughout the Beast from the East. 'I just kept dead-heading.'

We are delighted to welcome Sue as guest speaker for our September gathering. Sue runs Iris of Sissinghurst, a specialist nursery for tall bearded and short bearded irises.

Entrance: Members: Free; Non-Members: £2.

Refreshments will be available and a raffle will be held.
